Central Suburbs Bus Service — changes from July 8

*On Sunday, July 8, most current bus services in the central suburbs will change as part of the new network. If you catch buses in these areas, you will need to replan your journey on the new services before they start. Visit AT.govt.nz/journeyplanner after June 15 (new services are available in the system) enter your journey details, and use a date that is **FROM July 8**. This will tell you what bus you need to catch, where to catch it and what time it departs.*
