

# PRODUCT SCHEDULE

1. Please fill in the schedule below, listing all the products and/or services you wish to have approved and covered by a FernMark Licence. Use the example shown as a guide.

2. Once completed, please send an Excel version of the schedule by email to [fernmark@nzstory.co.nz](mailto:fernmark@nzstory.co.nz). Please feel free to contact us if you have any questions about completing the schedule.

3. If you have more products and/or services than the form allows, simply fill in and submit additional schedules as necessary. You may also group or categorise similar products if needed.

4. Your annual licence fee allows for an infinite number of qualifying products and services. If you wish to add or delete products or services during the term of your Licence, simply update your schedule and email it to [fernmark@nzstory.co.nz](mailto:fernmark@nzstory.co.nz) quoting your FernMark

To determine whether your products are Made, Grown or Designed in New Zealand for our product categories, please use the guides below. You should also consider the Fair Trading Act for products that are Made in NZ.

FOOD GUIDE

HEALTH PRODUCTS GUIDE

MANUFACTURING GUIDE

A service would qualify as being Designed in New Zealand if it was designed or created by people based in New Zealand.

## DETAILS OF PRODUCTS AND SERVICES

MEETS THE CRITERIA  
("Designed in NZ" does not apply to  
food and beverage products)

ONLY COMPLETE IF "DESIGNED IN  
NZ" HAS BEEN TICKED

Product/Service Category	Product/Service Name	Product Sizes (N/A for services)	Product/Service Description	Made in NZ	Grown in NZ	Designed in NZ	ONLY COMPLETE IF "DESIGNED IN NZ" HAS BEEN TICKED		
							% of design costs incurred in NZ	% of NZ FTEs working on the product or service	Were final design decisions made in NZ?
Education Course	Bachelor of Natural Medicine		The degree programme integrates traditional wisdom with scientific knowledge. As a student you will gain critical knowledge and understanding of the philosophy of natural medicine, herbal medicine, nutrition, research, anatomy & physiology massage and pathophysiology. You will also gain sound clinical experience and practice, enabling you to assist and motivate people to achieve optimum health and wellness. The first two years of the programme are available on-campus or on-line (in New Zealand or overseas). The third (final, clinical) year is taught in Auckland on-campus, full-time only.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>			

Education Course

NZ Certificate in Study and Career Prep Level 4

The Level 4 NZQA Certificate in Study and Career Preparation programme is aimed at developing the skills, knowledge and attributes for further education in natural medicine at Bachelor's degree level, or in another degree programme.
